Schedule, an among the secrets to get in the brand-new globe always is cooperated an excellent way. Also you really appreciate of this publication, you could not get anything from here. One means is just by taking the soft data of Black No More By George Schuyler to review and review the book to finish. Comprehending just what the writer utter could help you to recognize as well as obtain the benefits of this book. So, it doesn't need the magic means to get ideas. It doesn't need to take more times and much loan to obtain this book as your collection.

### Amazon.com Review

This satirical Harlem Renaissance-era novel by black conservative intellectual George S. Schuyler (1895-1977), who wrote for the Pittsburgh Courier and contributed to the NAACP's influential Crisis magazine, is a hilariously insightful treatise on the absurdities of racial identity. Dr. Junius Crookman, a Harlem-based African American physician, mysteriously returns from Germany with a formula that can transform black people into whites. "It looked," Schuyler deadpans, "as though science was to succeed where the Civil War failed." One of the first to enlist Dr. Crookman's services is an insurance salesman named Max Disher, who as the white Matthew Fisher is now free to pursue the white women who once rejected him and otherwise bask in Euro-American social privilege (including a top position in a hate group called the Knights of Nordica). Schuyler unveils the futility of this electro-chemical form of "passing" through the emptiness the Disher/Fisher character encounters in the white cultural world, which doesn't measure up to the Harlem nightlife--revealing the poison behind the notion of wanting to be something you're not. --Eugene Holley Jr.

### From Kirkus Reviews

37575380.X99 Schuyler, George BLACK NO MORE First published in 1931, this scathing satire on race embodies all the controversial notions of its author, the grouchy journalist and essayist Schuyler, a kindred spirit of his mentor and fellow misanthrope, H.L. Mencken. Best known for his dissenting essay, The Negro-Art Hokum, Schuyler (1895-1977) mocked most of the more prominent representatives of the Harlem Renaissance, and asks in this rollicking bit of speculative fiction: What if black people could change themselves to white? Inspired by popular products for skin-lightening, Schuyler imagines the discovery of a process that transforms Negroes into white people, and then watches all hell break loose. When Dr. Junius Crookman promises a three-day makeover, Max Disher, a dapper insurance agent with a taste for yallah gals, thinks of one thing all the ofay girls he can now pursue, especially a snobby cracker who snubbed him in a Harlem night club. For fifty bucks, Max is one of Crookman's first patients and emerges from his Frankenstein-like office with his new pork-colored skin. But Max's glorious new adventure turns ugly right away: his old friends reject him; his landlady accuses him of no race pride, and worse she finds white people less courteous and less interesting. The country too grows increasingly hysterical: the South calls for congressional action, and the infrastructure of Negro philanthropy begins to crumble. Schuyler smartly postulates the response of official black leadership, and saves his most damning portraits for characters who represent Garvey, DuBois, and Booker T., all of whom ultimately give in to the new process. Max's dilemma is simpler: he tries to figure out a way to capitalize off his new identity, and soon becomes the right hand man to the Rev. Givens, the grand poobah of the Knights of Nordica, and eventually marries his daughter,

the very same girl from that night in Harlem. One problem remains, the whitening process doesn't pass to babies, so Max lives with the fear that his offspring will be his undoing. Not to worry, though, for events overwhelm all in this increasingly outrageous novel. As the hypocrisies mount, and the number of Negroes diminish, calls for racial purity increase. But the frantic researches into genealogy have an unintended result and one that Schuyler himself constantly argued that most white people have dusky ancestors, or as the Rev. Givens so aptly puts it, I guess we're all niggers now. Schuyler's miscegenetic ideas on race fuel this well-written look at chromatic democracy, a novel that prefigures both Ray Bradbury and Ralph Ellison. This wild book is much more than an historical curiosity, and its resurrection is a revelation. -- Copyright ©1999, Kirkus Associates, LP. All rights reserved.

#### Review

"One of the great new veins of Negro fiction has been opened by this book--may its tribe increase."--Alain Locke
