Now, exactly what do you consider the arising publications this time? Numerous books exist as well as published by several publishers, from lots of countries in this globe. But, have you to be more selective to pick one of the very best. If you are puzzled on how you pick the book, you could take from the topic to provide, the author, as well as the recommendation.

## **Amazon.com Review**

During his 1960s prime, jazz guitarist Grant Green was overshadowed by rivals Wes Montgomery and George Benson, two immensely talented players who made successful forays into the pop world. But although Green passed away in 1979, the 1990s have seen a Grant Green renaissance, thanks to the birth of acid jazz, the reemergence of soul jazz, the jazz-reissue boom, and, most importantly, Green's distinctive guitar style--steeped in his R&B roots and boasting a clear, biting, soulful tone that makes him attractive to rock fans. When she met and later married Grant's youngest son, journalist Sharony Andrews Green stumbled into an admirable mission: to shed light on the life and music of her cult-favorite father-in-law. Green-the-author delivers an engaging, casual remembrance that adeptly balances many aspects of Green's life while never delving deeply into any of them. Green-the-guitarist lived in service to an uneasy triumvirate--music, Islam, and heroin--and the author, despite her ties to her subject, pulls no punches in detailing his drug habit and dark side. The book relies on heartfelt anecdotes from friends, family, musicians, and historians to tell his story and provide a clear and compelling picture of the mindset of a black jazz musician. We learn, for example, how many St. Louis jazzmen began to use heroin in admiration of Midwestern idols (and users) such as Charlie Parker and Miles Davis, and how Green himself yearned for a wider audience in the late 1960s and changed musical directions in search of it (only to be even more frustrated when it did not come). The easy-going, conversational writing style mostly makes for a warm, emotional memoir, though it loses sophistication when the focus moves toward the author and her biography process. Still, adding a comprehensive sessionography, Green offers a useful primer for a talented musician, opening the door for more thorough investigations of Grant Green's unique guitar technique and stylistic innovations. --Marc Greilsamer

## **From Library Journal**

Green, a novelist, journalist, and former daughter-in-law of her subject, offers an intimate portrait of the great jazz guitarist Grant Green. Interviewing his family and friends, she unearths the story of Green's childhood, his beginnings on guitar, his early musical success in St. Louis, and his conversion to the Muslim faith. She uses discussions with several jazz luminaries to trace Green's trek to New York, his rise to fame among the jazz cognoscenti, his prolific output for such labels as Blue Note, and his subsequent low-key career until his untimely death in 1979. Though she creates a sympathetic portrait, the author directly confronts Green's heroin habit, which led to erratic behavior and the neglect of his family. A well-written, richly illustrated book that will appeal to anyone interested in postwar jazz. A David P. Szatmary, Univ. of

Washington, Seattle

Review

"A well-written, richly illustrated book that will appeal to anyone interested in postwar jazz." -- Library Journal, March 1, 1999

"An intimate look at the struggles of an underappreciated talent." -- Ray Gun, April 1999

"This book is a fine look at how [Grant Green] continues to influence musicians everywhere." -- Vintage Guitar, June 1999

"Uncovers a fascinating presence, conveys the enchantment of jazz, and tells a worthy story truly." -- Detroit Free Press, June 1999

"Written with the passion of one who is making a discovery, and with the resolve to restore the reputation of a sometimes neglected, but nonetheless quintessential Blue Note artist of the 1960s...engaging and ultimately rewarding." -- Jazziz, August 1999
