Feel lonely? What regarding reading books? Book is just one of the best pals to come with while in your lonely time. When you have no close friends as well as activities somewhere and often, checking out publication can be a fantastic option. This is not just for investing the moment, it will boost the knowledge. Obviously the b=advantages to take will certainly associate with what type of book that you read. And currently, we will concern you to attempt analysis Play-based Learning In The Primary School By Mary Briggs, Alice Hansen as one of the analysis product to end up swiftly.

## **Review**

'Play-based learning has long been accepted as a central part of learning in the Early Years but it is refreshing to have a book advocating its use throughout the primary years and beyond. This book clearly addresses the main issues about play that will concern many teachers: What does play look like for older pupils? How do I plan play-based learning? What is my role when children are playing? What sort of learning will take place? How will I assess it? The many case studies demonstrate how play-based learning can take place successfully in a variety of settings and across the curriculum. I think that teachers using this book will find their children more engaged, more independent and learning more successfully'

-Ashley Compton

Bishop Grosseteste University College Lincoln

## **About the Author**

Mary Briggs is an Associate Professor at the Institute of Education, University of Warwick where she teaches across a range of the Institute's undergraduate and postgraduate programmes. Mary was an Early Years, primary and SEN teacher for many years, including deputy and headship before working as an academic in the University sector.

Alice Hansen is the Director of Children Count Ltd where she is educational consultant. Her work includes running professional development courses and events for teachers and teacher trainers, research and publishing. Alice has worked in education in England and abroad. Prior to her current work she was a primary mathematics tutor and the programme leader for a full-time primary PGCE programme at a large university in England.
