Review

"The quality of this work, part of the Health Society: Disease, Medicine, and History series, is exceptional; it will be a useful historical resource for library collections. Summing Up: Highly recommended. All readership levels." - Choice

Review

"Simply put, Eric Boyle's Quack Medicine is the best historical survey of "quackery" in America. Focusing on efforts to control?indeed, squash--quackery, which included most patent medicines and the various incarnations of sectarian practice, he even-handedly explores the dominant and sometimes hypocritical role played by the American Medical Association, which condemned alternative forms of treatment while greedily publishing their advertisements in its journal. In the latter decades of the twentieth century government agencies increasingly eclipsed the AMA in attempting to regulate the diverse medical marketplace." (Ronald L. Numbers, Hilldale Professor of the History of Science and Medicine at the University of Wisconsin-Madison)

"Boyle pulls few punches in Quack Medicine and lands many. His cogent analysis of the history and impact of quackery in the USA should be required reading for policy makers. He supports well his contention that education is not enough to protect the public from fraudulent purveyors of 'health.'" (Gregory J. Higby, Executive Director, American Institute of the History of Pharmacy)

About the Author

Eric W. Boyle, PhD, is guest researcher in the Office of History at the National Institutes of Health, Bethesda, MD.

QUACK MEDICINE: A HISTORY OF COMBATING HEALTH FRAUD IN TWENTIETH-CENTURY AMERICA (HEALING SOCIETY: DISEASE, MEDICINE, AND HISTORY) BY ERI PDF
