Starred Review "The front of her dress was a sudden welter of blood. Her eyes opened and shut, opened and stayed open." That sentence, from Raymond Chandler's 1935 story "Spanish Blood," says volumes about the history of mystery fiction. Death was mostly an offstage plot device in the works of Agatha Christie and other English authors during the so-called Golden Age of the detective story; American pulp writers made guns and blood their stock-in-trade, but most of them knew little about style, and their work didn't circulate much beyond bus stations and drugstores. Then Chandler, getting his start in those same pulps, began using phrases such as "sudden welter of blood," and it was only a matter of time before the literary world took notice. This landmark collection, gargantuan in both size and significance, brings together for the first time all of Chandler's short fiction, the raw material from which he later fashioned all his celebrated novels, from *The Big Sleep* through *The Long Goodbye*. Part of the fascination in reading these seminal tales is to encounter bits and pieces of the novels turning up in all sorts of places: the fabled opening scene of *The Big Sleep*, Marlowe with General Sternwood in the greenhouse, takes place in one story, while the later scene involving Sternwood's thumb-sucking daughter, Carmen, and her adventures with a pornographer becomes the centerpiece in an entirely different story. To read these 25 stories, 22 of which were originally published in the 1930s, consecutively is to watch Chandler's craft develop: the move from third to first person; the fascination with atmosphere and mood; the outrageous similes; the liberating focus on his detective's thoughts and feelings; and, of course, the relish with which he describes violence and death, utterly realistic yet flamboyantly stylized. And, yet, one can also see Chandler chomping at the bit of the short form, the plot demands of the mystery formula keeping him from his real interests: character and place. Only Chandler fanatics will want to read every word of this encyclopedic volume, but anyone with any interest in the history of hard-boiled fiction should sample its groundbreaking wares. A major publishing event. Bill Ott

Review

"Raymond Chandler is a master." –New York Times

“Chandler wrote like a slumming angel and invested the sun-blinded streets of Los Angeles with a romantic presence.” –Ross Macdonald

“Raymond Chandler invented a new way of talking about America, and America has never looked the same to us since.” –Paul Auster

“The prose rises to heights of unself-conscious eloquence, and we realize with a jolt of excitement that we are in the presence of not a mere action-tale teller, but a stylist, a writer with a vision...The reader is captivated by Chandler’s seductive prose.” –Joyce Carol Oates, *New York Review of Books*

“Chandler is one of my favorite writers. His books bear rereading every few years. The novels are a perfect snapshot of an American past, and yet the ruined romanticism of the voice is as fresh as if they were written yesterday.” –Jonathan Lethem

“Chandler seems to have invented our post-war dream lives—the tough but tender hero, the dangerous blonde, the rain-washed sidewalks, and the roar of the traffic (and the ocean) in the distance...Chandler is the classic lonely romantic outsider for our times, and American literature, as well as English, would be the poorer for his absence.” –Pico Iyer
