## Review

"A definitive account of the role of the Avignon Papacy in the crusading movement of the fourteenth century....An exemplary work of scholarship."--Church History

"Should not be missed....The subject is almost unbelievably complicated. It demands and receives a lucid, flexible style which manages to avoid the prosaic and obvious while threading its way through a myriad of detail....[An] excellent book."--Speculum

"Well written and extremely well documented...A work of wider interest than its title would suggest."--The Historian

"This study gives a good and detailed account of different aspects of the late-medieval Church and the world in which it worked."--Theological Studies
