"In 'Khente' (The Fool) [Raffi's] hero dreamed of Armenia's future in two hundred years--a peaceful land of happy, industrious, educated people who no longer lived under persecution, domination, and fear; a united Armenia with a representative government and socialization of important industries." --Louise Nalbandian, author of "The Armenian Revolutionary Movement" (1963)

This historical novel has served as an "I have a dream" speech for generations of Armenians.

Raffi introduced the Russian-Armenian reader of the 1880s to the plight of Turkish Armenians and juxtaposed that plight and an optimistic vision for the future. "The Fool"'s story of despair and hope has served as an inspiration for each succeeding generation of Armenian readers.

In this excerpt, Raffi's hero, Vartan, is in Armenia circa 2078:

"You were talking about the sad times of the Kurds and the Turks," Vartan's host continued with a special happiness in his voice, "But after those days, a great many changes took place. Do you see those breathtaking mountains? Well, a century and a half ago, they were totally bare, without so much as a shrub on them. In those days the trees were destroyed by the barbarians with the same cruelty that the people had been destroyed. Everything was gone; the people used dried dung for fuel, for there wasn't any wood left, and they were forced to dig into the earth to live. But when peace returned, hosts of people came back to the destroyed towns, and the mountains became covered with forests, all planted by our hard-working, dedicated villagers."

"Few modern Armenian writers can rival the impact and appeal of Raffi." --Kevork B. Bardakjian, Professor of Armenian Literature, University of Michigan
