# **REPRESENTATION BY MONICA BRITO VIEIRA, DAVID RUNCIMAN PDF**

As one of guides that have actually been written, Representation By Monica Brito Vieira, David Runciman will be just different with the previous book version. It comes with the basic words that can be read by all aspects. When you have to recognize more regarding the writer, you could check out the bibliography of the writer. It will certainly aid you to earn sure about this publication that you will certainly get as not just recommendation but also as reading source.

## **Review**

“Runciman and Vieira track the history of the idea of representation, break apart the complex of themes that it encodes, and reveal some salient lessons for the internal and external organization of states. This is rich, intriguing and important stuff — political theory at its best.”

Philip Pettit, Princeton University

“The authors succeed splendidly in their admirable ambition to survey the past, present and future of the concept of representation in a manner that is at once accessible and original, giving both neophyte and expert plenty to think about.”

Richard Bellamy, University College London

## **From the Back Cover**

What is representation? What does it mean when a politician represents citizens in government? How can citizens be represented beyond the boundaries of the nation-state?

These are just some of the questions which will be answered by David Runciman and Mónica Brito Vieira as they explain why representation should be understood as one of the key concepts in modern politics. The first part of the book examines the historical roots of the concept of representation, from its origins in ancient Rome through to its role in the revolutionary politics of the modern world. The second looks at different varieties of representation – in law as well as politics. The final part asks how the concept of representation can help us think creatively about current and future challenges facing the world.

Representation is too often treated as a secondary or qualifying idea – as in the phrase ‘representative democracy’. This book argues that we have this the wrong way round. Representation is the foundational idea in almost all areas of our political life. Making sense of representation in its own terms is crucial for seeing why democracy functions the way it does, and for exploring how it might function differently.

## **About the Author**

David Runciman is University Lecturer in Political Theory at Trinity Hall, Cambridge.

Mónica Brito Vieira is Research Fellow at New Hall, Cambridge.
