## **Review**

"Borchers very useful text is a lucid, student-friendly introduction to all aspects of modern rhetorical theory. It explains clearly without condescension, and provides an admirable overview of its field. Especially impressive is the chapter on non-Western rhetorics, which is both engaging and challenging." --Chester Scoville, University of Toronto, Mississauga

"Borchers' textbook is ambitious in scope and provides balanced coverage of classical and contemporary theories. I especially appreciate the book's coverage of non-Western and gender-based theories of rhetoric, which often gets glossed over in other texts." --Benjamin Krueger, Northern Arizona University

"Too often lower-division rhetoric courses are light on—or even totally lacking—a strong ground in rhetorical theory, particularly anything beyond Cicero. Rhetorical Theory offers an accessible but still deep path into the true richness of the field." --Steve Morrison, South Texas College
