Review

“This is fascinating and important material that will prove invaluable to scholars of Foucault’s work.” (Amy Allen, author of *The Politics of Our Selves*)

“These lectures certainly indicate the continuities in Foucault’s thought from the genealogical analyses of the 1970s, principally *Discipline and Punish* and *The History of Sexuality*, with his later studies associated with the care of the self. The publishers of this volume have provided a fluid and carefully annotated transcription of four texts that deepen our understanding of Foucault’s idiosyncratic use of ancient ethics and what he thought we might learn from it.”

(Notre Dame Philosophical Reviews)

“Provides readers with a concise statement of the stakes of Foucault’s later thought.”
