## **Review**

"As an inmate in Madison Correctional Center I signed out Don's book from the library with the intention of reading a few pages before going to sleep. I started reading and couldn't put it down, after reading sixty-eight pages that night I finished the book on the following day. I wish I could have had this insight when I was younger before my troubled behavior started, just maybe it could have changed my life, but now I've learned that it's not too late, even for a guy like me." --Jason, Madison Correctional Center

"Experiencing the Why You Do, I believe, lies the true power and the gift of Don Crosby's courage and willingness to open his heart and soul to tell his story, to share his struggles so we may more clearly understand ours, as a vital reminder for all of us." --Irwin M. Rubin, Ph.D., Author

"A number of PGA Tour players use sports psychologists to help them gain an edge and although much of the information they are receiving is correct and needed many are missing the specifics of actual behaviors. Implementing his ProScan® survey, Don Crosby has quickly helped me understand my behaviors and those of my students, which has richly contributed to my mental game. The Why You Do will help your golf game and probably other areas of your life." --Randy Joyner, PGA Professional and Instructor
