'... this is an excellent book of immense value to those working in polarimetry or developing instrumentation for astronomy.' Richard Bingham, Astronomy Now

This has kept the size, and cost, of the book modest, for which the author is to be congratulated. He has allowed his sense of humour to enliven the text in a number of places.' Roderick Willstrop, Measurement Science & Technology

'The book is produced to the high standard one expects from CUP, and is reasonably priced ... robust and attractive ... It will ... be hard to match the standard of this fine volume.' Ian Howarth, The Observatory
