Even this publication is made in soft data kinds; you can delight in analysis by obtaining the data in your laptop, computer system device, and device. Nowadays, reading does not come to be a standard task to do by certain people. Many people from many areas are constantly beginning to review in the morning and every extra time. It proves that individuals currently have huge interest as well as have huge spirit to read. Moreover, when Executive Politics In Semi-Presidential Regimes: Power Distribution And Conflicts Between Presidents And Prime Ministers (Russian, Eurasian is released, it ends up being a most wanted book to purchase.

## **Review**

With his comprehensive book, Martin Carrier provides a systematic and convincing assessment of different factors associated with power shifts between presidents and prime ministers in semi-presidential regimes. Carrier's in-depth case-comparison emphasizes that if we are to fully grasp the logics of intra-executive politics of semi-presidentialism, both institutional and non-institutional factors have to be carefully taken into the model. His book should be essential reading for scholars of semi-presidentialism, as well as for anyone interested in comparative constitutional politics. (Thomas Sedelius, Dalarna University)

Moving beyond constitutional rules, Carrier shows convincingly how party politics, personalities, and foreign relations influence the distribution of power between the prime minister and the president. Insightful and full of interesting details, Executive Politics in Semi-Presidential Regimes is a must read for any serious student of semi-presidentialism and political executives. (Tapio Raunio, University of Tampere)

## **About the Author**

Martin Carrier is a lecturer of political science at the University of Montreal.
