From the Author

Thank You Dear Book Lover for the Excellent Choice You've Just Made!

In addition to being an interesting 'Exercise in Retrospect', this book will give you a new dimension where life's challenges are concerned. My commitment to be 'A Guide on Your Side rather than A Sage on the Stage' is born out of thousands of precious Dollars that I have personally wasted over the years listening to so many Inspirational Gurus that promise the moon but fall way short on delivery. Simple and easy to adapt, progressive changes elaborated within these pages will help you keep track of daily growth and advancement (both in thought as well as action) that you will be proud to measure and enhance on your own, without any outsiders' intervention. In lump-sum, you are holding in your hands my acquired wisdom of almost 40 years of my working life where each day posed a new challenge of one kind or another and each day I survived and thrived by putting to best possible use various lessons indelibly engraved in my psyche by some of the most outstanding teachers that I had the pleasure to have. I consider all these great teachers to be the Master Diamond Cutters that took it upon themselves to give me all the necessary cuts and chisel me into a Brilliant Cut Solitaire from a rough stone, just like any other 'Common Man'. Now, it is YOUR TURN to take those cuts, acquire the unmistakable brilliance and stand tall as 'Uncommon' or an 'Achiever'! Please feel free to drop me a line at: [achiever101@me.com](mailto:achiever101@me.com) so I could share with you even more valuable information from my Upcoming Books. Thank You!

About the Author

About the Author

Born over half a century ago in a large, middle class family, the youngest of 7 siblings in an under-developed, so-called 3rd World country, the author struggled his way through challenges each day. Wearing hand-me-downs through school with more patches than on a corn on the cob, the author managed to create his niche and come out on top in ways more than one.

The Author's claim as an 'Achiever' is open for your critical analysis in the light of his outstanding victories highlighted within. You will find some of them listed within these pages while a lot more are reserved for forthcoming parts of this Series. Yes, he did also see a fair share of adversities and that would make you wonder how human life has long been treated in India vis-à-vis developed countries.

All said and done, the author still came out on top and re-established himself from scratch in his new `avatar` as a proud Canadian

The exercises in this book are all true, tried and tested proof of his determination to fight against all odds and come out a Winner and so can YOU!

What would you call this individual, if not an 'Achiever'?

I will let you be the judge and the jury and give an impartial verdict.
