Invite again, we constantly welcome the visitor to be in this site. Are you the novice to be visitor? Don't bother. This website is actually available and suitable for every person, Furthermore, the individual who really requires ideas as well as resources. By this problem, we constantly make updates to obtain whatever new. The books that we gather as well as offer in the checklists are coming from lots of sources inside and outside of this country. So, never be question!

### Review

“I found this material to be the most helpful thing for anyone contemplating an actuarial profession. The early material motivates and familiarizes a person with the profession in a casual but real way. The middle material

gives a person the tools to plan and attack a program to pass the exams. The latter part of the book gives great guidance on job opportunities...Bravo to both the book's concept and realization.”

– Murray Lieb, New Jersey Institute of Technology

“The book is extremely well written. Actuaries need good communication skills and this book provides an excellent example of such skills at work.”

– Charles Moore, Kansas State University

### About the Author

Author of:

The Linear Algebra Survival Guide, 1st Edition

Actuaries' Survival Guide, 2nd Edition

Actuaries' Survival Guide, 1st Edition

Linear Algebra: An Introduction using Maple, 1st Edition

Linear Algebra: An Introduction using Mathematica, 1st Edition

Fred E. Szabo is professor in the Department of Mathematics and Statistics at Concordia University in Canada. He completed his undergraduate studies at Oxford University under the guidance of Sir Michael Dummett and received a Ph.D. in mathematics from McGill University under the supervision of Joachim Lambek. After postdoctoral studies at Oxford University and visiting professorships at several European universities, he returned to Concordia University as a faculty member and dean of graduate studies. For more than twenty years, he developed methods for the teaching of mathematics with technology. In 2012 he was honored at the annual Wolfram Technology Conference for his work on "A New Kind of Learning" with a Wolfram Innovator Award. He is currently professor and Provost Fellow at Concordia University.
