## Review

"What sets this sobering, informative call to action apart from other critiques of American criminal justice is its central thesis: that the U.S. has effectively created a separate nation of 'legal aliens'--people born within the country but disenfranchised through incarceration--within its own borders . . . this is a vital and informative read for any American citizen concerned with the present state of American justice." -- Publishers Weekly

"Looman and Carl describe provocative reforms that could help reduce the prison population--and transform its members into productive taxpaying citizens--yet the hierarchical structure of the prison system makes it a near impossible task." --Library Journal

"Looman and Carl also share stories from their personal experiences with prison staff and inmates, making for an engaging and empathetic read." --IReason
