Review

????? 5 Stars" Susan Griscom has created a great supernatural romance in A Gypsy's Kiss. The main characters are well developed, especially Brena as she struggles to cope with her 'gift.' She is resourceful, though, and knows how to handle herself. Hawk is a good match for her and the chemistry between them is great. The plot line for both of them is a novel way to keep the two of them apart and ramp up the tension. I think this book will do very well because it is easy to get into and the characters are relatable. A good start to the series, and I look forward to reading more from this author." About the Author

- Susan Griscom writes paranormal and contemporary romance. She's hooked on gritty romances and is a huge fan of superheroes and bad boys confronted with extraordinary forces of nature, powers, and abilities beyond the norm mixed with steamy romance, of course. She loves those days when she gets to sit around in her sweat pants, doing nothing but writing emotionally charged stories about love and violence and drinking coffee. She lives in Northern California with her romantic husband and together they have five great superhero kids and eight mini-superhero grand kids, so far.
