Review

"Here is the latest collection of unpublished papers of the late Herbert McCabe, and what a treat it is. The combination of crystal logic, sparkling wit, and interrogative fides quaerens intellectum, deeply informed by Aquinas and richly modulated by Wittgenstein, are again on bravura display...excellent." (Kim Fabricius, Faith & Theology)

"This is a book that has much to offer professional academics and general readers alike. It is the work of a born communicator, who has the power to inspire and to touch the heart, as well as to argue his case with care and with rigour. Christianity could do with more such advocates" (John Cottingham The American Spectator)

"McCabe had written important articles during the 'Myth of God Incarnate' controversy and the clarity of his thought shines through in a sermon which is a model exposition of the Christian faith." New Directions, July 2007 (Owen Higgs New Directions)

'As one has come to expect of McCabe, there is wonderful clarity to the writing.' Canon David Brown, Church Times (Canon David Brown, Church Times, October 2007 Church Times)

"McCabe has been influential in creating the commonest modern account [of Aquinas]" Canon Brown, The Church Times, October 2007 (Canon Brown Church Times)
