By only attaching to the net and find the link that we constantly give in every page, you could follow up the book to get. They are in the soft file programs. Now, we will certainly introduce you Introduction To Tribology (Tribology In Practice Series) By Bharat Bhushan as an analysis publication today. We are truly certain that this publication will be really meaningful for you as well as individuals around you. As many people in various other areas, they have actually taken this book as their reading collection. So, we recommend to you to get additionally this publication.

## **From the Back Cover**

A fully updated version of the popular Introduction to Tribology, the second edition of this leading tribology text introduces the major developments in the understanding and interpretation of friction, wear and lubrication. Considerations of friction and wear have been fully revised to include recent analysis and data work, and friction mechanisms have been reappraised in light of current developments.

In this edition, the breakthroughs in tribology at the nano- and micro- level as well as recent developments in nanotechnology and magnetic storage technologies are introduced. A new chapter on the emerging field of green tribology and biomimetics is included.

- Introduces the topic of tribology from a mechanical engineering, mechanics and materials science points of view
- Newly updated chapter covers both the underlying theory and the current applications of tribology to industry
- Updated write-up on nanotribology and nanotechnology and introduction of a new chapter on green tribology and biomimetics
- Enables readers to reinforce their knowledge of the topic with a newly added problems section which features on the book's companion website

## **About the Author**

Dr Bhushan is Ohio Eminent Scholar and The Howard D. Winbigler Professor as well as Director of the Nanoprobe Laboratory for Bio- & Nanotechnology and Biomimetics at The Ohio State University. During his career he has received a number of awards and accolades as well as being central to teaching and formulating the curriculum in Tribology-related topics. He is a Fellow and Life Member of American Society of Mechanical Engineers, Society of Tribologists and Lubrication Engineers, Institute of Electrical and Electronics Engineers, as well as various other professional societies.
