We not only offer the book collections from inside of this nation. Several accumulated publications are from the outsiders. However, the objectives are very same. They are offered as a joined library by internet to provide even more valuable sources to obtain the book.

## **Review**

'For those wishing to understand how MS/OR work is really done, Management Science provides an excellent introduction. Instead of assuming that MS/OR is a set of techniques and demonstrating its use on simple artificial problems, this book places MS/OR in the context of real decision-making and the processes by which decisions are made.' - Professor Stewart Robinson, Associate Dean Research, Loughborough University, UK

## **About the Author**

HANS DAELLENBACH worked for several years as an operations researcher for Standard Oil of California after gaining his PhD. He taught at the Universities of California and Washington before joining the University of Canterbury, Christchurch, New Zealand, where he introduced Operations Research as a separate discipline. He launched the Canterbury MBA Program more than twenty-five years ago, and served as its first director. DONALD McNICKLE is a senior lecturer in the Department of Management at the University of Canterbury, Christchurch, New Zealand. SHANE DYE is a senior lecturer in Management Science at the University of Canterbury, Christchurch, New Zealand.
