Review

Preach the Word! |Greg Haslam (ed) | Sovereign World | 1 85240 443 4 | hardback | 623 pages |

Greg Haslam, RT Kendall's successor at Westminster Chapel, shares the concern of many over the 'decline in bold, authoritative and powerful preaching' and so invited the good and the great of the preaching world to run a series of seminars covering just about every aspect of the preaching ministry it's possible to think of. This book is a write-up of their teaching, and as an 'everything you ever wanted to know about preaching' book it can't be beaten. Evangelical luminaries such as John Stott, J John, Mark Stibbe, Jeff Lucas, David Pawson and many more have contributed their wisdom, and lest you think this is a return to outdated communication styles, there is even a helpful chapter on using film in preaching. In 39 chapters the book explores the technicalities of preaching, some historical perspective, different preaching styles (evangelistic, prophetic, expository, and intriguingly, 'Preaching to Change a Nation'). There are sections on Black preaching, preaching to youth, and also material on the preacher's anointing and the role of the Spirit in preaching. In short, it's all here, and you should sell your shirt for this book. My only quibble is the lack of anything from outside the evangelical tradition, but maybe that's asking a bit much of Westminster Chapel.
