## Review

This is a timely new edition of Louw's accessible and comprehensive book. It will make essential reading for students and teachers of political media

Brian McNair

Professor of Journalism & Communication, University of Strathclyde

This is a reflective, thorough and welcome overview of the field. It carefully considers the dynamic relationships between the media and political spheres and will therefore be highly valuable to students seeking to understand and analyse developments

Dominic Wring

Reader in Political Communication, Loughborough University

For more than 300 years media and politics in the western world have been complex institutions and the subjects of numerous works. In this book Dr Louw has successfully drawn together the various strands that create politics and media, providing an enjoyable narrative that demonstrates his strong understanding of the roles they play in modern socioeconomic policy and processes. This second edition makes a vital contribution to the way we view media and politics at the beginning of what promises to be an exciting century

Richard Stanton

Senior Lecturer, The University of Sydney
