Review

Petros Mavroidis is widely considered to be the most eminent of the scholars today on international trade law. These volumes show why.

(Jagdish Bhagwati, University Professor, Columbia University; author of In Defense of Globalization)

The Regulation of International Trade is a tour de force that comprehensively analyzes the complete range of WTO treaty rules and case law on an agreement-by-agreement basis, bringing to bear insightful and thorough legal and economic analysis. I would expect it to become the standard treatise on WTO law, an indispensable tool for students, legal practitioners, and trade negotiators.

(William J. Davey, Guy Raymond Jones Chair Emeritus, University of Illinois College of Law)

Petros Mavroidis is exceptional among GATT/WTO legal scholars for his extensive and highly original contributions with economists. Readers of these two volumes will enjoy the fruits of his unique talents.

(André Sapir, University Professor, Université libre de Bruxelles, Belgium; former Economic Advisor to the President of the European Commission)
