Review

"The Stone Thread" is a brilliant sci-fi thriller; this story is engrossing, and filled with details. - Review by GoodbooksToday. The Stone Thread: Second Chronicle is a harrowing tale of survival in a post-apocalyptic dystopia. This story will appeal to readers of science fiction, suspenseful thrillers, the writing of Phillip K. Dick. There are many parallels that can be drawn between this world depicted and the real world as it is today. The characters are believable shades of gray, as the argument of what makes good versus evil is analyzed.

Five Stars

Reviewed By Kathryn Bennett for Readers' Favorite This book has a unique story to tell and is not like the others that I have read. This is the second book in the series and, not having read the first, I was lost on some of the concepts. However, J.R. Evangelisti's writing is full of information so I was able to catch up on soon enough on what I was missing. I enjoyed the mystery and, the twists. There were so many things that I did not see coming at all. I am going to go back and read the first book in the series and then read the second again so I can get the full effect!

Reviewed By Kayti Nika Raet for Readers' Favorite

Four Stars. A fast-paced and sometimes startling novel reads like a gritty noir in a futuristic setting. It keeps you reading to find out what happens next all the way to its end. An interesting premise, one I've never encountered in sci-fi before.
