## Review

**KIRKUS REVIEWS** (starred review) A novel that explores the complex relationships between classical composers Johannes Brahms and Robert Schumann, and the latter's pianist/composer wife, Clara.

When Schumann, then a young law student, first meets 18-year-old Clara Josephine Wieck, she's a 9-year-old child. She's already gaining a reputation as a pianist, though, and when he sees her play, he comes to the realization that he must devote his own life to music. He convinces Clara's father, Friedrich, to take him on as a piano student, and he moves in with the family. Gradually, the bond between Clara and Robert becomes romantic, but Friedrich furiously opposes their union and forbids them to see each other. He has reasons to believe Robert is dishonorable, and he also thinks that the musician is incapable of adequately supporting his daughter financially. However, after time apart, Clara and Robert commit to each other and plan to marry against her father's wishes. Friedrich does everything in his power to stop them, including taking them to court. After composer Felix Mendelssohn testifies on Robert's behalf, Clara and Robert wed, but their relationship remains fraught with challenges. Robert wins fame for his original compositions but is unable to make much of an income, and he's emasculated by Clara's superior earning power. Clara, too, becomes frustrated that she's sacrificed her career for his and frets about his deteriorating mental health. When Robert is committed to an asylum after a failed suicide attempt, his friend, Brahms, serves as a messenger between him and Clara--and falls deeply in love with her. Author Desai (*Dancing about Architecture*, 2013 etc.) has produced a magisterial work, which is clearly the result of astonishingly thorough research. Although the story revolves tightly around the three main figures, there are also fascinating cameos by such musical luminaries as Richard Wagner, Franz Liszt, and Frédéric Chopin, and he memorably depicts the ego-driven rivalries between them. Each has a unique personality, and the author does a lovely job of dramatizing their quirks. Still, the character of Clara steals the show, and she emerges from the shadow of her husband's much grander reputation as a musical genius in her own right.

A riveting dramatization of musical history.

## About the Author

Boman Desai was born and raised in Bombay (now Mumbai) but has lived his adult life in Chicago. After studying architecture and philosophy and getting degrees in psychology and English, he was set to become a market analyst when a chance encounter with Sir Edmund Hillary, his earliest hero, brought him back to his vocation: writing novels. He took a number of part-time jobs ranging from bartending to auditing to teaching to find time to write. He got his first break when an elegant elderly woman personally submitted a number of his stories to the editor in chief of *Debonair Magazine* in Bombay. The stories were all published, but the

woman disappeared, and her identity remains a mystery to this day. He has published fiction and nonfiction in the US, UK, and India. His work has won awards from the Illinois Arts Council, Stand Magazine, Dana, Noemi, War Poems, and New Millennium (among others). He has taught fiction at Truman College, Roosevelt University, and the University of Southern Maine.
