The social book will provide you new knowledge everyday concerning this life as well as social correlation. National politics as well as religious, something is huge now. It is additionally concerning exactly how the people will certainly honour book, every type of book as the referred analysis material. We could begin it from the Why Europe Grew Rich And Asia Did Not: Global Economic Divergence, 1600-1850 By Prasannan Parthasarathi

## **Review**

"We have been waiting for more than ten years since Pomeranz opened the debate on the Great Divergence between China and the West for the book that brings India into the discourse. This magnum opus comes from a scholar with the credentials in economics, the erudition in history and the literary style required to occupy the intellectual high ground for the decade to come." -Patrick O'Brien, FBA, Professor of Global Economic History at the London School of Economics.

"A stimulating contribution to the 'great divergence' discussion that brings in evidence from South Asia and the Ottoman Empire, as well as arguments likely to be deemed controversial about Indian science and technology. Far from being resolved, this book confirms that the debate over European exceptionalism continues and persuasive explanations for Europe's development and economic growth more generally remain few and incomplete." -R. Bin Wong, Director of the UCLA Asia Institute and Professor of History

"Parthasarathi's important new book places India right in the middle of the ongoing debate on the 'Great Divergence' in the world economy. It argues convincingly for a distinct Indian path into the modern world." -Jan Luiten van Zanden, Professor of Economic History, International Institute of Social History

## **About the Author**

Prasannan Parthasarathi is Associate Professor in the Department of History at Boston College. His previous publications include *The Transition to a Colonial Economy: Weavers, Merchants and Kings in South India, 1720-1800* (Cambridge University Press, 2001) and *The Spinning World: A Global History of Cotton Textiles, 1200-1850* (co-edited with Giorgio Riello, 2009).
