From School Library Journal

Grade 8 Up—Written by a manga-novel author, *Zaregoto* uses a manga style in the format of a novel. Ii, a 19-year-old college student, accompanies his friend Kunagisa Tomo, a computer engineering genius, to Wet Crow's Feather Island, home of wealthy exile Akagami Iria, who surrounds herself with the best and the brightest. The island's other guests include a painter, a fortune-teller, a chef, and an all-purpose genius, as well as live-in maids and other caretakers. The geniuses bicker regularly and immerse themselves in expressing their mutual hatred for each other. On the third evening of Ii's visit, a powerful earthquake draws the tense discussion short. Ii and Kunagisa discover Ibuki Kanami, the painter, beheaded in her studio. Akagami Iria takes control of the murder investigation, refusing to call the police, and rumor surfaces that this crime is far from the first, and could very well not be the last. *Zaregoto* reads like a combination of *Fantasy Island* and *Clue*, and as it continues, readers can't help but wonder if Akagami Iria has set up this dangerous game as a way to entertain herself in her exile. With no graphics to rely on, the story suffers from an overwhelming amount of dialogue but still offers a challenging mystery that will keep readers guessing. Libraries with manga fans craving something beyond the typical graphic novel and Japanophiles searching for something new should consider this for purchase, as well as Hiroshi Ishizaki's *Chain Mail: Addicted to You* (Tokyopop, 2007).—Sarah Krygier, Solano County Library, Fairfield, CA
